PAHOKEE, PALM BEACH COUNTY, FLORIDA FRIDAY, SEPT. 3, 1954

SINGLE COPY 10 CENTS

VOLUME 9 — NUMBER 27

## Aug. In Doldrum

**BELLE GLADE** — Building and sanitary violation notices were at a minimum during August, according to City Inspector N. B. Willis' report to the city, there being only one in each category.

With 43 jobs in various stages of construction or demolition there are fewer than reported for July. Each of those indicated represents an expenditure of \$500 more, according to Willis.

Figures show that 603 loads of garbage averaging  $\frac{3}{4}$  tons each were moved. These are computed on a basis of spot checks made at the site of the dump. At random, weights are taken and scale tickets are averaged to arrive at the figure.

The complete report follows:

August 1954

Inspections	
8 Sanitary	\$303.00
129 Building	17.75
14 Electrical	
14 Plumbing	
Violations:	
1 Building	
1 Sanitary	
Dogs:	
1 Tag notice issued	
Licenses collected	1.50
3 Imported	
Fine fees collected	2.50
20 Complaints answered	
No summons or warrants issued	
No Court cases	
150 Other contacts on city bus.	
Animals disposed of:	
1 Cat	
2 Dogs	
TOTAL (331 contacts)	324.75

## CANAL POINT LIONS STORY

**CANAL POINT** — Well deserved recognition has come to the Canal Point Lions Club in the August issue of Florida Lions Magazine, with both the magazine cover and the club story devoting a full page.

OBEDREY — Correspondent Muriel Dunley wrote the story, and Glades Photo Shop's Ed Jensen made the pictures which produced the big splash in the statewide journal.

The magazine cover shows Lions President Delmar L. Hodge giving Scoutmaster P. A. Slonaker the title to the bus presented to Boy Scout Troop 24 by the local club. Inside, with an accompanying picture of Troop 24, Mrs. Dunley tells the story of the local club's interest in the youth of the community.

She relates, in part, "Canal Point Lions Club members are especially interested in the welfare of the children and youth of their community."

The percentage of juvenile delinquency in Canal Point area is reported to be very small, and the Canal Point Lions Club intends to help keep it that way."

## POOL HALL TRIAL OFF UNTIL 21ST

**PAHOKEE** — The trial of Wilbur Fletcher, pool hall owner charged with selling beer to a minor, was postponed this week from Tuesday to Tuesday, Sept. 21.

A request by Attorney Russel McIntosh, of West Palm Beach, for the defendant to be held in jail until the trial date was granted. Another week was added to the postponement when it was discovered that both Mayor Lewis Friend, who will hear the case, and City Attorney Ralph O. Johnson had been out of the city on the 14th.

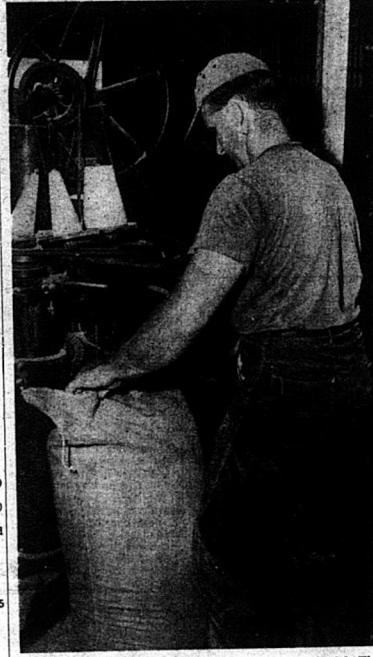

Fletcher was arrested last week on a warrant sworn out by State Beverage Dpt. Officer Harry L. Conyers, of West Palm Beach.

## WATER SHOW, DANCE EVENTS AT CLEWISTON

**CLEWISTON** — Labor Day weekend will be highlighted by a water show featuring the noted Stuart Acqua-Bats, and a dance at Sugarland Auditorium.

The dance will be sponsored Saturday night by the American Legion post, beginning at 10 p.m. Sunday at 3 p.m. at the locks, the water show will be staged.

## No. 7 In Series: FEED

**IN BELLE GLADE** — Stitching up bag of cattle feed is Floyd Rider, foreman of Consumers Feed Co., Inc., the Glades' new commercial cattle feed plant. See Page 5 for the full story.

## WATSON SEEKS STATION FUNDS

Efforts to raise \$100,000 to finance a 20,000 watt radio station to broadcast the Gospel of Christ throughout all Korea and beyond the borders of the Bamboo Curtain into China are being made by Tom Watson, formerly president and general manager of WSWN in Belle Glade.

Watson, who is making

Bethany Presbyterian Church in Fort Lauderdale the headquarters for a planned drive to raise funds has been granted permission by President Syngman Rhee of Korea to try to stem Communism by spreading Christianity in the Orient by radio.

To be located 35 miles south of the 38th parallel, Watson's station will be manned by missionaries whose native tongues are Korean, Chinese, and English.

Plans will be scheduled soon by civic groups and religious bodies in South Florida by Watson to interest as many people as possible in the Evangelical Alliance Mission, an interdenominational org, an organization, and its program of raising sufficient funds for the broadcasting station.

At a cost of approximately \$100,000 the radio will be located on 5th and 6th Ave. C Place and Ave. D will be ready to handle anticipated seasonal labor supply, Carle said.

**84 Truck Spaces**

With some 94 spaces for trucks, the ramp is designed to be located conveniently for bringing together pick-up labor and employees. Cost to employers of using the ramp as a hiring place for labor is \$100 from June to February and another \$100 from February to June.

Over 1,000 pickers are hired on the ramp and no day laborers as such are picked up there, according to Carle.

**Football Clinic Sept. 10 For All Glades Fans**

The annual Glades football clinic to feature a bone-smashing scrimmage between the Lions club of Clewiston and a combined force of Pahokee and Canal Point Lions, will be held at a week from today, Sept. 10, at Belle Glade athletic field.

The clinic, sponsored by the Lions clubs of South Bay, Belle Glade, Moore Haven and the aforementioned towns, will begin at 8 p.m.

With the scrimmaging teams fully prepared, demonstrations will be given by the Glades.

The highway patrol office will be open from 8 a.m. to noon and from 1 to 4:30 p.m. daily, until noon on Saturdays through September. The Belle Glade office will be open from 8 a.m. to 5:30 p.m. Mondays through Saturdays in September.

## LOCAL OFFICES OPEN FOR DRIVER'S PERMITS

Glades residents may renew their driver's licenses this month at the Florida Highway Patrol Station in Pahokee or at Junius Harris' insurance office, Belle Glade.

The highway patrol office will be open from 8 a.m. to noon and from 1 to 4:30 p.m. daily, through Saturday evenings. The Belle Glade office will be open from 8 a.m. to 5:30 p.m. Mondays through Saturdays in September.

## Pump 2 Bid In

With Belcher Oil Co. of Miami the apparent low bidder, the contract for Pump Station S-2 near Hurricane Gate 4 will be awarded this week, according to the Corps of Engineers in Jacksonville.

According to Colonel H. W. Schull, Jr., district engineer, government estimate on the cost of the structure was \$993,735.00. Belcher's low bid was \$1,191,988.25.

The pumps and machinery to be installed at the station will cost \$781,102. The contract for their manufacture was awarded in May to Fairbanks Morse & Co.

The station will be built in the Lake Okeechobee levees at the junction of the Hillsboro and North New River Canals, just south of Gate 4.

The station will have a pumping capacity of over 1,600,000 gallon per minute enough to remove  $\frac{3}{4}$  inch of runoff water from the farm lands which drain into the northern 15 miles of the North New River Canal and the section of the Hillsboro Canal which is north of Belle Canal.

Schull stated that the contract to be awarded to Belcher Oil Company will call for the pump station to be operationally complete and ready for use by Sept. 1, 1956.

Belcher Oil Company already holds a Corps of Engineers' contract for the construction of the pump station at Twenty-Mile Bend. That station is scheduled for completion next March.

**POLIO FUND NEARS \$1,000**

**BELLE GLADE** — The emergency fund of the Palm Beach County polo deficit of the National Foundation For Infantile Paralysis was swelled by \$49,403 contributed in Belle Glade and Boca Raton, according to Mrs. R. F. Riley who spearheaded the local collection drive.

The collection will be held at the Pahokee Club on Friday evening, according to the committee, from 4 to 7:30 p.m. Adult tickets are \$1.50 and children, \$1.

Collections made through the sponsorship of Everglades Post 20 American Legion Auxiliary funds has been granted permission by President Syngman Rhee of Korea to try to stem Communism by spreading Christianity in the Orient by radio.

To be located 35 miles south of the 38th parallel, Watson's station will be manned by missionaries whose native tongues are Korean, Chinese, and English.

Plans will be scheduled soon by civic groups and religious bodies in South Florida by Watson to interest as many people as possible in the Evangelical Alliance Mission, an interdenominational org, an organization, and its program of raising sufficient funds for the broadcasting station.

At a cost of approximately \$100,000 the radio will be located on 5th and 6th Ave. C Place and Ave. D will be ready to handle anticipated seasonal labor supply, Carle said.

## New Tank For Canal Point

**20,000 Gal Capacity**

**CANAL POINT** — Demand for water in the Canal Point area is a barometer of community growth.

The two 20,000 gallon settling tanks next to the Community Center Building will now be unable to meet the demand and the U.S. Sugar Corp. is doing something about it, according to Oliver Sheppard, manager of the Eastern Division of the corporation.

One of the 20,000 gallon tanks is being replaced and an additional tank of similar capacity is shortly to be built. Upon completion of the project the three tanks will have a combined capacity of 60,000 gallons, Sheppard said.

Each new tank is constructed on top of creosoted piles driven 25 feet into the ground. Up-right staves—141 of them in each new tank—held together with iron tie-rods form the walls.

Lake Okeechobee water is pumped into the tanks where alum, lime and chlorine are added. After the mixture has settled it is filtered and pumped into the deep well from whence it is distributed to 50,000 gallon storage tank at Bryant.

This elevated tank serves as a pressure reservoir and supplies Canal Point and adjacent areas with domestic water, said Sheppard.

## Scoreboard Barbecue Wed.

**PAHOKEE** — A benefit barbecue will be held at Lair Field Wednesday for Lair Field Lions Club.

The barbecue will be held at Lair Field, according to the committee, from 4 to 7:30 p.m. Adult tickets are \$1.50 and children, \$1.

## Teacher Fete Is Tuesday

**PUB. ASSISTANCE EXCEEDS 3,000**

**WEST PALM BEACH** — In West Palm Beach County 3,235 persons were assisted in the three categories of public assistance for the month of August, Thomas E. Penick, chairman of the District 10 Department of Public Welfare, reported this week.

A total of 1,556 persons received old age assistance to the amount of \$69,534. Seventy-seven persons received aid to the blind, totaling \$3,728, 411 families, representing 1,259 children, received aid to dependent children in the amount of \$23,617, Penick said.

In addition, 113 children received service during the month of welfare services, Foster home. The total state and local cost of these child welfare services was \$6,171.48.

There were six adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a liaison agency and the welfare board responsible according to law to make these reports to the court.

**'DRIVE SAFELY' IS POLICE PLEA**

**Glades civic club representatives again are invited by the Florida Highway Patrol to ride along during Operation Holiday this Labor Day weekend.**

Call to the FHP headquarters, Pahokee, will reserve a ride with a patrolman anytime from now through Monday, FHP said.

"Operation Holiday" is designed to give civic leaders a chance to see for themselves the efforts of FHP to save lives on the highway.

The operation is not a new one. It has been on for several years and during that time thousands of club leaders and members have ridden with troopers and even assisted them as they worked the heavy highway traffic.

"Operation Holiday" is observed during major celebrations such as July 4, Labor Day, Christmas and New Year's. It is during the operation that all troopers leave and vacations are cancelled and the men go from a nine to a 16 hour day, or from the clock on enforcement if it becomes necessary.

Noting that 15 were killed during Labor Day 1953, FHP Comdr. H. N. Kirchner declared: "We have got to stop it, and in an effort to hold the line, we will be taking a stand from that of last year, all available enforcement men will be on the highways during the longer than usual holiday."

## WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON — As soon as the Senate finished its legislative work, many of its members virtually fell in their tracks, making it to a hideaway to sleep away their fatigue.

In many ways, this has been one of the most grueling sessions of the Congress. Senator Walter George, of Georgia, who has participated in every Senate session since 1922, calls it the hardest one yet.

"Oh, get off my back," I snorted, "I'm bushed."

Thus came Episode 2 in the saga of The Blacktop Floors In Our House.

It must have been about a year ago that we concluded that the roof of our bungalow so constructed that under summer heat, we have stalactites of tar hanging down throughout the house. These, in turn, finally get tired dripping and fall off — thus our blacktop floors.

For months, now, as summer has sweltered to its peak, I have had to skitter through the house, dodging imminent tar drops, and at the same time trying not to get my paws in the stuff as I dart across the floor.

However, the strain of my eight years has begun to tell, and I'm not so good at dodging anymore.

When that tar drops down on me, it gets matted in my black coat, and it always lands just where I can't reach it. It's kind of like the old lady with the tail in her corsel — it's there, but what's to be done about it?

So when the boss asked me about my lumps, just after I'd been trying to bite some tar off an unreachable spot, I just lied and said, "I'm fine."

Of course, that tar isn't as black as it may seem to be.

Nights that I'm away, asleep or out of reach, I am always the next day when I wake up to find myself in the dark Watsons. When people walk on warm, summer-type tar, their shoe leave marks.

If the marks are from boat shoes, I know our nautical friends have been around. If the print is really flat, that the big city folks, it's a dog track. I just worry.

In another few months now, I expect the tar will quit dripping, because the weather will be cooler.

Of course, it has dripped just about long enough that I doubt there's much left on the roof, and probably next we'll just have clear, cool rains coming in.

What brings me to my moral, that no matter how hard you get, the worst is yet to come.

### Little Change Seen In 1954-1955 Demand For Farm Products

GAINESVILLE — Demand for Florida farm products in the coming months should differ little from that experienced last year, according to the Florida Agricultural Outlook Committee.

The committee, composed of leaders in the various agencies and organizations that serve Florida growers, notes a few depressing factors. For example, reduced per capita income per capita two billion dollars lower than last year, together with smaller federal expenditures for national security programs.

On the other hand, the committee's report continues, fast economic growth in the state and local government spending for schools, highway and public buildings; continued record construction activity; and high rate of business investment in new plants and equipment.

Then there are the continuing influences into consideration. It would appear that the American housewife will be able to allot approximately the same portion of her food budget for the purchase of food products as she did last year.

The farm price situation, according to the report, may be summed up as follows: The position of farm prices with relation to farm costs has been generally favorable since 1946. The 1955 farm prices were at a position of being relatively equitable with relation to costs of things farmers buy. Since 1952 the relationship between farm prices and the cost of living has become increasingly unfavorable. As long as this relationship exists, it becomes even more important to keep costs down.

**Divided Opinion.**  
This situation is understood by Florida producers of beef, watermelons, grapefruit, and truck crops, but the committee's report points out that opinion is divided as to whether there will be a leveling off or whether there is a possibility of improvement in the farm price-farm cost relationship in the months ahead. The committee believes that there will be further declines in the purchasing power of the farmer's dollar in the period ahead.

#### Belle Glade Memorial Hospital

Patients at Belle Glade Memorial Hospital this past week included Mrs. Milton Burr, Mrs. Z. T. Ingram, Mrs. Boyd Frank, Mrs. Palmer, Willie Frank, Singleton, J. K. Ballou, and Jack Hemphill of Lake Harbor.

bad publicity and ridicule, punish and persecute them, and finally we throw them out; but not by benefit of law. To conduct ourselves this way -- without benefit of law -- is to practice communism.

We are discriminating against them for their thoughts and acts, when under present law, what they think and do is completely legal. If we are going to be a government of law, why not let them stand on their head and say, "We do not like communism; we fear it; it is opposite to what we believe in; therefore, anybody who believes in it, advocates it or belongs to it, is guilty of a crime against the United States?" If we take this step, then we will have a legal basis on which we can proscribe them in our society. The way to face this issue is to meet the problem head on.

### HELD BY FRAGILE RIBBONS

BY BENJAMIN S. ROBERTS

#### CALAMITY IN COLONIALISM

France has fallen from her preeminence as a nation of the first class. Part of her decline has been due to the price she has paid to defend her colonial empire. Had France not had this drain upon her finances after World War II she would have been in a sounder position today. Having to divide her resources between East and West, France has spread herself so thin that now she is but a shadow of her former self.

This is an example of how colonial possessions can be the mark of a nation of the first class. England has not yet lost her place as a first class nation. Her empire declined to a dominion over separate large entities, to a commonwealth in which only the unscrupulous or brilliant minds in the Kremlin have realized that these nations may be weakened by sapping at their strength through dependence upon their colonial possessions. This task is all the easier if the empires have been badly governed, or if a spark of nationalism exists which can be exploited by the Russians.

National groups, like individuals, are better off to feel strong for themselves. They can feel sorely tried, or they can feel that they are martyrs. In individuals any of these temperaments can be uncomfortable for associates; among nations they can be counterproductive to the point of war.

Indo-China, again a French example, was disturbed in this way. Burma might have caused trouble for Britain had not the French disarrangement of a European system made independence possible in the colonial empire of Spain, for example, and caused France some concern as to whether Spain had colonies because of their influence or because of a situation which was purely European in its origins no one can ever tell.

The important consideration, however, is that Spain did lose her colonies because of her administration. In them set no room for love for her domination and because she had insufficient force to hold them. Spain has been a second class power.

Indo-China, again a French example, was disturbed in this way. Burma might have caused trouble for Britain had not the French disarrangement of a European system made independence possible in the colonial empire of Spain, for example, and caused France some concern as to whether Spain had colonies because of their influence or because of a situation which was purely European in its origins no one can ever tell.

The great colonial powers have suffered even though All their losses are not, however, due to their own errors of judgment, some they could not help. To be continued.

**Martin - Arceneaux Wedding**

**STILLWATER, OKLA.** — Miss Mary Elizabeth Martin, Stillwater, Okla., was married to George Arceneaux, Jr., Washington, D.C., on Aug. 17 in a ceremony performed by Rev. Sidney Maddox in the First Baptist Church, Stillwater.

The bride is the daughter of Mr. and Mrs. A. O. Martin of Stillwater and the groom is the son of Dr. and Mrs. George Arceneaux of Pahokee.

The bride was given in marriage by her father. She wore a gown of Swiss eyelet embroidery with a veil of silk illusion attached to a satin and lace hemline. Her flowers were a nosegay of orchids and lillies of the valley.

Mrs. Charles E. Martin was matron of honor for her sister-in-law. Miss Wanda Laman was maid of honor. Both were attended in yellow organza bathtubs, lemons, lilies and various mosaics of hyacinth carnations. The bride's nieces, Mary Ann and Kay Martin were flower girls. Their dresses were similar to those of the bride's grown-up attendants.

Tom Arceneaux, who is the brother's best man, Ushers were Dr. Charles Martin and James Martin, both brothers of the bride.

Mrs. George Arceneaux, Jr., was educated at Oklahoma A & M

College where she was awarded her degree prior to taking up residence in the office of Sen. Robert S. Kerr. Mr. Arceneaux is an alumnus of Louisiana State University and is legislative assistant to Senator Allen J. Ellender.

**McAllister - Cather**

Mr. and Mrs. S. M. McAllister, Bell Glade, announced the approaching marriage of their daughter Eunice Alene to Van Cather, sr., of Clewiston. The nuptials will take place Sunday, Sept. 26 at the First Baptist Church with Rev. U. W. McConnell officiating.

Mr. McAllister is a graduate of Bell Glade high school, class of 1954. Mr. Cather, a graduate of Clewiston high school, class of 1950, is engaged in the upholstery business in Clewiston.

**GLADES CHURCH News****SILVER SERVICE PRESENTED** of Belle Glade Community Methodist church.**TO W. HAL HUNTER**

A complete silver coffee and tea service was presented to Rev. and Mrs. W. Hal Hunter and family by the membership of Pahokee Baptist Church at the farewell basket dinner given in their honor at City Park last Friday evening. Mr. Hunter, chairman of the board of deacons, made the presentation. The Hunters left Monday for Crestview, where he will serve as pastor of the First Baptist Church, following about three years of service in Pahokee.

Mrs. H. L. Speer, chairman of the church social committee, was in charge of the dinner arrangements.

On Thursday evening of last week Elmer Johnson, son of Rev. and Mrs. Hunter, was honored with a party at City Park, which was followed by a slumber party at the home of Mrs. F. G. Gillis. She was presented with a gift by her Sunday School classes. There were 10 girls attending. Mrs. Wiley Tillis, Mrs. Joe Thompson and Mrs. Keene assisted Mrs. Gillis entertaining.

**Belle Glade Collegians****Honored by WSCS**

The women of the WSCS of Community Methodist Church of Bell Glade honored the college students of the school with a dinner Saturday night at the home of Mrs. Thelma Stevens, Palm Beach Rd. Following the dinner, served buffet style, the evening was spent in "college talk".

Attending were Freddie and Albert Stevens, Dorothy Kidder, Barbara Wedgeworth, Jane Morris, Doris Burke, Jane Morris, Mrs. Betty Jean Carothers, Kenneth Harris, Kenneth Lutz, Alecia Dehaven, Winifred Berry, Gail Allison, Claude Womack, Marriage Jean, Liska Humphries, Willie LaMarr and Curtis Thompson.

**Joint WSCS Circle Meeting****With Mrs. Bailey**

Mrs. C. A. Bailey was hostess at her home recently, at a joint meeting of the Mary Martha and Ruth Naomi circles of the WSCS.

**Everglades Presbyterian Class****End With All Time Record**

With the enrollment of 131 students and 18 helpers, Everglades Presbyterian Church, Bell Glade, concluded its summer Bible school classes last week. This year's session set all-time records with only 100 students present.

Ralph Kidder, Mrs. Haney, Mrs. Veal, Mrs. Herbert Beck, Mrs. Ivan Van Horn, Mrs. J. I. Freedlund, Mrs. M. M. Sabiston, Mrs. George Farnall, Mrs. N. T. Taylor, Mrs. C. A. Thompson and Mrs. Hugh J. Bradley.

**CANAL POINT BAPTIST CLASS HAS BARBECUE**

The men's and women's Bible class of First Baptist Church of Canal Point held its annual barbecue Saturday evening at Bryant Thursday evening of last week. Mr. Johnson of Belle Glade has been teaching the class since the illness of the pastor, Elder E. E. Atkinson. Bell Glade has been a slumber party at the home of Mrs. Gillis. She was presented with a gift by her Sunday School classes. There were 10 girls attending. Mrs. Wiley Tillis, Mrs. Joe Thompson and Mrs. Keene assisted Mrs. Gillis entertaining.

There were approximately 55 attending. Mrs. Stacy was assisted by Mrs. Charlie Barfield of Canal Point.

**MRS. HATFIELD ELECTED**

Mrs. Oliver Hatfield was elected superintendent of the Canal Point Methodist Church School at a meeting of the day school officers and teachers held Monday evening.

She succeeds Mrs. C. L. Livingston, secretary.

The new officers are:

President, Mrs. E. E. Atkinson;

Vice President, Mrs. Ruth Ballou;

Treasurer, Mrs. John Randolph;

Mrs. Clyde Clayton, Mrs. Lois Ruff, and Mrs. I. L. Price.

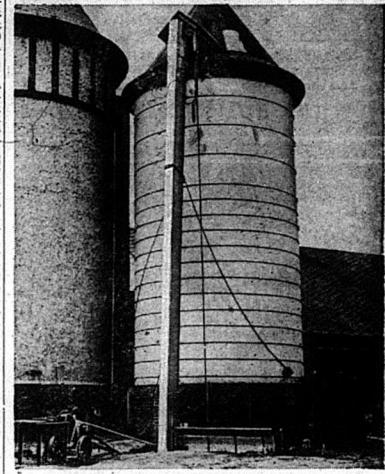

The new officers, ranging in ages from three to 14, represented five different churches. By the concluding session 13 had accepted Christ. The school was sponsored by the women of the church.

The Fidelees Class of South Bap Baptist Church held a class social at the home of Mrs. R. B. Woodham last Friday afternoon.

The class members presented Mrs. Woodham's new daughter, Mrs. Woodham's new daughter,

Mrs. Woodham, with a gift. Refreshments and punch and cookies were served.

Present were Mrs. Wanda Prevatte, Mrs. Lee Williams, Mrs. Lona Collins, Mrs. Leland Hardy, Mrs. Betty Schoners, Mrs. Ethel Johnson, Mrs. Ann Cooper, Mrs. Claudine Warren, and Mrs. Woodham.

**More Help Ahead for Farmers . . .****Engineers Try Electricity on Silos**

Experimental electric elevator fills 36-foot silo successfully.

**By IRA MILLER****Farm Electrification Bureau**

Farm electrification's progress is tied directly to the "never say no" attitude of the nation's grain elevators.

Take silo filling, for example.

Silo filling had been considered a "no power" chore—too big for electric motors. Apparently, this is not the case, although it will be some time yet before the first such unit is installed.

But the first electric silo elevator "graduates from college" to the farm. Until that time comes, tractors and stationary gasoline engines will be expected to take care of silo filling operations. Also, they'll probably handle the ensilage cutting job, unless the latter way of cutting ensilage is changing. An increasing amount of grass and corn silage now is being harvested and fed by silage harvesters, rather than by stationary equipment on the farmstead.

Ensilage, in many cases, now arrives at the silo ready for storage.

And, power is required only to move it in and out quickly, efficiently and economically. This is being done at Penn State College with a 36-foot vertical elevator operated by a 5-horsepower portable motor.

The portable motor is almost entirely of plywood and white pine boards. It has a 16-gauge sheet metal bottom on which the silo can dig right through for "no holes." Tests record that it can elevate grass silage at a rate of 10 to 15 tons per hour, about the same speed as a tractor with a front-end loader.

It is driven by a 2-plow silo tractor. It elevates corn silage at a rate of 20 to 30 tons per hour. This is considerably better than that of the suction loader powered by a 35 horsepower gasoline engine.

The experimental elevator delivers ensilage into the silo at the rate of 10 cubic feet per minute. It can handle 10 silo chores successfully, tractors can be used more productively elsewhere on the farm, and there is less wear on the tractor.

Ensilage, in many cases, now arrives at the silo ready for storage.

# CATTLE FEED PLANT IN PEAK PRODUCTION AT SIX MONTHS

PHOTOGRAPHED FOR GLADES OBSERVER BY  
ALLIE OKIE

LINE OF RAIL CARS delivers cattle feed components to Consumers Feed Co., Inc. at Belle Glade. Plant is producing mixed and custom-mixed feeds at weekly rate of 200 tons.

PUREBRED ANGUS bull at M & M Ranch near Loxahatchee is one of Consumers' cattle mix "clients."

## IMPROVEMENT OF STOCK IS CONTINUING FACTOR

By Jan Rieker

Probably nobody has told the cattle yet, but the pressure is increasing to make them eligible for the bovine Social Register.

That is, Glades cattlemen are paying more attention than ever before to raising quality cattle.

The end result, according to the advice of leading cattle research men, will be that there will be more Glades cattle and milk and less hash and stew meat.

The advent of the first Glades commercial feed mixing plant last April, in Belle Glade, gave

a boost to cattlemen's ambitions to produce better grade animals.

Consumers Feed Co., Inc., put

up a plant of some 5,000 square

feet on NW 12th St., leaving

room to expand on its two acre

property.

### CAPACITY OUTPUT

It's been six months every

month since it began operations,

and it is now operating at full

capacity of nearly 200 tons per

week," according to General

Manager R. E. "Bus" Barnett.

The high water content of

South Florida grass, which often

leads to seasonal shortages

because they can't consume

more grass than they can hold,

was turning many cattle ranchers

and dairymen to supplementary

feeding months before a

feeding plant was located in the area.

Consumers Feed came into

Belle Glade to be nearer the

business then going north, and

because of the South Florida

cattle potential, according to

Barnett.

A Florida corporation, with

Barnett vice president in charge,

Consumers' other officers are

Ray McCord, Farmers City, Ill.,

president; Lyman A. Stanton,

Chicago; Alvin Mavis, Rochest-

er, Ill.

Floyd Rider, Belle Glade, is

foreman, and William Kimball,

Belle Glade, is contract trucker.

South Florida cattle now can

dine according to their needs,

from a substantial serving of

feed daily or desert, a special

meal to prevent dilation from

two dozen assorted "foods" ship-

ped in by rail to the Belle Glade

plant.

### FLORIDA COMPONENTS

Consumers buys as much of

its feed components as possible

from Florida, with grass, corn, and

molasses from the Glades; citrus

purple from central Florida and Ft. Pierce, minerals from the

Gulf coast.

After buying all the dried

corn available, it must buy more

from out of state this summer. Most

of its cottonseed comes from

Georgia, and from other parts

of the U.S. come soy bean meal,

wheat bran, oats, alfalfa, hay,

honey, corn gluten meal, ascor-

bic vitamins, and worm med-

icines.

To aid and abet the long-

range program of making Flor-

ida cattle top quality, Consumers

has a nutritionist, and he serves

in much the same way the school and hospital nutritionist

serves people.

In other words, if a rancher or

dairyman suspects that the grass

Bossy and Ferdinand are eat-

ing isn't giving them enough

nourishment, he can have his

pasture samples analyzed

through Consumers.

If the tests show Bossy needs

copper, or Ferdinand's indiffer-

ence is due to lack of vitamins,

those components are added to

the standard feed so that the

cows get what they need.

Mixing the feed, Foreman Ri-

der measures it foreman a spe-

cial vat, adds molasses, if prescri-

bed, by checking a special "molasses

meter," and then the whole ord-

er is whirled into a cylindrical

vat, bagged, stitched, and ship-

ped.

Consumers ships feed north to

the Central Florida cattle coun-

try, and to both coasts to sup-

port dairies.

A prime example of the fast-

acting quality of cattle in the

Glades is M & M Ranch's

prize Angus bull, Shadow Isle

Prince Eric 32nd, a first prize

winner at the International Cat-

ching Show in Chicago, and twice

National show winner.

The two and a half year old

bull, one of the only two living

International first prize sons of

Prince Eric, gets a daily ration

of 100 pounds of grain, 10 lbs.

wheat bran, 10 lbs. alfalfa, 10 lbs.

honey, 10 lbs. corn gluten meal,

10 lbs. vitamins, and 10 lbs. worm

medicines.

Best sign that efforts for bet-

ter quality cattle are growing all

the time is Barnett's announce-

ment that Consumers will have

two more plants in operation by

the end of the winter season—

one each in the Glades coast.

At present he weighs 1,925 lbs.

He will be used in a program

of artificial insemination of 200

cows at the ranch next spring,

according to Manager Dave

Young, one of the M & M part-

nners, and R. W. Mallack of Philadel-

phia.
